Website: <https://qmu.edu.kz/en>

Undergraduate student enrollment: ab.7155

Public/Private: Non-commercial joint-stock company

Graduate student enrollment: ab.828

Type of Institution: Higher Education Institution

Institutional Description (limit 250 words):

Our university was established in 1950 and it is the leading medical university in Kazakhstan for the training of qualified personnel for the health care system; it has a high reputation in the provision of educational, scientific, medical and diagnostic services.

Currently, the university implements multilevel training of specialists: bachelor' degree program, postgraduate (master's, residency, doctoral studies) and additional education. Training is carried out in the state, Russian and English languages. There are more than eight thousand students at the university. Our graduates successfully work in Kazakhstan, countries of near and far abroad.

Karaganda Medical University is the first medical university of the Republic of Kazakhstan that successfully passed the certification of the quality management system of the university of educational, scientific and clinical activities for compliance with the requirements of the International Standard ISO 9001 by the certification body NQA - UK (Great Britain), NQA - Russia in 2005-year. In 2015 it was certified by SGS (Switzerland), in 2020 the university was recertified by the Certification Association "Russian Register" (Russia).

Partnership Information

Possible Academic Areas of Collaboration:

Medicine, Public Health, Nursing, Dentistry, Pharmacy

Institutional Strengths:

Karaganda Medical University holds the status of a research university. Fundamental and applied research is effectively combined to promote excellence. We are the leading research university in Kazakhstan in biomedical field. The University received ASPIRE to Excellence award in Simulation from International Association of Medical Education (AMEE)

Partnership Interests: (e.g., faculty exchanges, student exchange, dual degrees, joint research, distance learning, etc.)

Faculty exchanges, student exchange, dual degrees, joint research, distance learning

Interest in Partnership: Why are you interested in partnering with a U.S./Kazakh institution? What do you hope to gain from such a partnership?

We had difficulty with American universities, and now we have established a partnership with the University of Oklahoma. We would like to increase the number of partnership agreements within the framework of the consortium.
